

USE OF BODY-WORN CAMERAS

446.1 PURPOSE

The primary purpose of using body-worn-cameras (BWCs) is to capture evidence arising from police-citizen encounters. This policy sets forth guidelines governing the use of BWCs and administering the data that results. Compliance with these guidelines is mandatory, but it is recognized that deputies must also attend to other primary duties and the safety of all concerned, sometimes in circumstances that are tense, uncertain, and rapidly evolving.

446.2 POLICY

It is the policy of this office to authorize and require the use of office-issued BWCs as set forth below, and to administer BWC data as provided by law.

446.3 SCOPE

This policy governs the use of BWCs in the course of official duties. It does not apply to the use of squad-based (dash-cam) recording systems. The sheriff or sheriff's designee may supersede this policy by providing specific instructions for BWC use to individual deputies, or providing specific instructions pertaining to particular events or classes of events, including but not limited to political rallies and demonstrations. The sheriff or designee may also provide specific instructions or standard operating procedures for BWC use to deputies assigned to specialized details, such as carrying out duties in courts or guarding prisoners or patients in hospitals and mental health facilities.

446.4 DEFINITIONS

The following phrases have special meanings as used in this policy:

- A. **MGDPA or Data Practices Act** refers to the Minnesota Government Data Practices Act, Minn. Stat. § 13.01, et seq.
- B. **Records Retention Schedule** refers to the General Records Retention Schedule for Kandiyohi County Sheriff's Office.
- C. **Law enforcement-related information** means information captured or available for capture by use of a BWC that has evidentiary value because it documents events with respect to a stop, arrest, search, citation, or charging decision.
- D. **Evidentiary value** means that the information may be useful as proof in a criminal prosecution, related civil or administrative proceeding, further investigation of an actual or suspected criminal act, or in considering an allegation against a law enforcement agency or deputy.
- E. **General citizen contact** means an informal encounter with a citizen that is not and does not become law enforcement-related or adversarial, and a recording of the event would not yield information relevant to an ongoing investigation. Examples include, but are not limited to, assisting a motorist with directions, summoning a wrecker,

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

or receiving generalized concerns from a citizen about crime trends in his or her neighborhood.

- F. **Adversarial** means a law enforcement encounter with a person that becomes confrontational, during which at least one person expresses anger, resentment, or hostility toward the other, or at least one person directs toward the other verbal conduct consisting of arguing, threatening, challenging, swearing, yelling, or shouting. Encounters in which a citizen demands to be recorded or initiates recording on his or her own are deemed adversarial.
- G. **Unintentionally recorded footage** is a video recording that results from a deputy's inadvertence or neglect in operating the deputy's BWC, provided that no portion of the resulting recording has evidentiary value. Examples of unintentionally recorded footage include, but are not limited to, recordings made in station house locker rooms, restrooms, and recordings made while deputies were engaged in conversations of a non-business, personal nature with the expectation that the conversation was not being recorded.
- H. **Official duties**, for purposes of this policy, means that the deputy is on duty and performing authorized law enforcement services on behalf of this agency.

446.5 USE AND DOCUMENTATION

- A. Deputies may use only department-issued BWCs in the performance of official duties for this agency or when otherwise performing authorized law enforcement services as an employee of this office.
- B. Deputies who have been issued BWCs shall operate and use them consistent with this policy. Deputies shall conduct a function test of their issued BWCs at the beginning of each shift to make sure the devices are operating properly. Deputies noting a malfunction during testing or at any other time shall promptly report the malfunction to the deputy's supervisor and shall document the report in writing. Supervisors and the reporting deputy shall take prompt action to address malfunctions and document the steps taken in writing.
- C. Deputies should wear their issued BWCs at the location on their body and in the manner specified in training and that will be serve the purpose of the BWC.
- D. Deputies must document BWC use and non-use as follows:
 - 1. Whenever an deputy makes a recording, the existence of the recording shall be documented in an incident report or in the current records management system.
 - 2. Whenever a deputy fails to record an activity that is required to be recorded under this policy or captures only a part of the activity, the deputy must document the circumstances and reasons for not recording in an incident report or the current records management system. Supervisors shall review these reports and initiate any corrective action deemed necessary.
- E. The office will maintain the following records and documents relating to BWC use, which are classified as public data:
 - 1. The total number of BWCs owned or maintained by the agency;

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

2. A daily record of the total number of BWCs actually deployed and used by deputies and, if applicable, the precincts in which they were used;
3. The total amount of recorded BWC data collected and maintained; and
4. This policy, together with the Records Retention Schedule.

446.6 GENERAL GUIDELINES FOR RECORDING

- A. Deputies shall activate their BWCs when anticipating that they will be involved in, become involved in, or witness other deputies of this agency involved in a pursuit, Terry stop of a motorist or pedestrian, search, seizure, arrest, use of force, adversarial contact, and during other activities likely to yield information having evidentiary value. However, deputies need not activate their cameras when it would be unsafe, impossible, or impractical to do so, but such instances of not recording when otherwise required must be documented as specified in the Use and Documentation guidelines, part (D)(2) (above).
- B. Deputies have discretion to record or not record general citizen contacts.
- C. Deputies have no affirmative duty to inform people that a BWC is being operated or that the individuals are being recorded.
- D. Once activated, the BWC should continue recording until the conclusion of the incident or encounter, or until it becomes apparent that additional recording is unlikely to capture information having evidentiary value. The deputy having charge of a scene shall likewise direct the discontinuance of recording when further recording is unlikely to capture additional information having evidentiary value. If the recording is discontinued while an investigation, response, or incident is ongoing, deputies shall state the reasons for ceasing the recording on camera before deactivating their BWC and document in a report per sec 446.5 D(2). If circumstances change, deputies shall reactivate their cameras as required by this policy to capture information having evidentiary value.
- E. Deputies shall not intentionally block the BWC's audio or visual recording functionality to defeat the purposes of this policy.
- F. Notwithstanding any other provision in this policy, deputies shall not use their BWCs to record other agency personnel during non-enforcement related activities, such as during pre- and post-shift time in locker rooms, during meal breaks, or during other private conversations, unless recording is authorized as part of an administrative or criminal investigation.

446.7 SPECIAL GUIDELINES FOR RECORDINGS

Deputies may, in the exercise of sound discretion, determine:

- A. To use their BWCs to record any police-citizen encounter if there is reason to believe the recording would potentially yield information having evidentiary value, unless such recording is otherwise expressly prohibited.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

- B. To use their BWCs to take recorded statements from persons believed to be victims of and witnesses to crimes, and persons suspected of committing crimes, considering the needs of the investigation and the circumstances pertaining to the victim, witness, or suspect.
- C. Deputies need not record persons being provided medical care unless there is reason to believe the recording would document information having evidentiary value. When responding to an apparent mental health crisis or event, BWCs shall be activated as necessary to document any use of force and the basis for it, and any other information having evidentiary value, but need not be activated when doing so would serve only to record symptoms or behaviors believed to be attributable to the mental health issue.
- D. Deputies may use their BWCs and squad-based audio/video systems to record their transportation and the physical transfer of persons in their custody to hospitals, detox and mental health care facilities, juvenile detention centers, and jails, but otherwise should not record in these facilities unless the deputy anticipates witnessing a criminal event or being involved in or witnessing an adversarial encounter or use-of-force incident.

446.8 DOWNLOADING AND LABELING DATA

- A. Each deputy using a BWC is responsible for transferring or assuring the proper transfer of the data from his or her camera to designated location at the Kandiyohi County Law Enforcement Center by the end of that deputy's shift or at the beginning of the next shift. However, all BWC must be uploaded prior to going on days off or vacation. However, if the deputy is involved in a shooting, in-custody death, or other law enforcement activity resulting in death or great bodily harm, a supervisor or investigator shall take custody of the deputy's BWC and assume responsibility for transferring the data from it. Deputies involved in those critical incidents shall not review the BWC video unless cleared to do so by the Sheriff.
- B. Deputies shall label the BWC data files at the time of video capture or transfer to storage, and should consult with a supervisor if in doubt as to the appropriate labeling. [Include any technology-specific instructions for this process; if metadata is not being stored, then the information could be documented in a video log or other record.] Deputies should assign as many of the following labels as are applicable to each file:
 - 1. Evidence—criminal: The information has evidentiary value with respect to an actual or suspected criminal incident or charging decision.
 - 2. Evidence—force: Whether or not enforcement action was taken or an arrest resulted, the event involved the application of force by a law enforcement officer of this or another agency.
 - 3. Evidence—property: Whether or not enforcement action was taken or an arrest resulted, a deputy seized property from an individual or directed an individual to dispossess property.
 - 4. Evidence—property: Whether or not enforcement action was taken or an arrest resulted, a deputy seized property from an individual or directed an individual to dispossess property.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

5. Evidence—other: The recording has potential evidentiary value for reasons identified by the deputy at the time of labeling.
 6. Training: The event was such that it may have value for training.
 7. Not evidence: The recording does not contain any of the foregoing categories of information and has no apparent evidentiary value. Recordings of general citizen contacts and unintentionally recorded footage are not evidence.
- C. In addition, deputies shall flag each file as appropriate to indicate that it contains information about data subjects who may have rights under the MGDPA limiting disclosure of information about them. These individuals include:
1. Victims and alleged victims of criminal sexual conduct and sex trafficking.
 2. Victims of child abuse or neglect.
 3. Vulnerable adults who are victims of maltreatment.
 4. Undercover deputies.
 5. Informants.
 6. When the video is clearly offensive to common sensitivities.
 7. Victims of and witnesses to crimes, if the victim or witness has requested not to be identified publicly.
 8. Individuals who called 911, and services subscribers whose lines were used to place a call to the 911 system.
 9. Mandated reporters.
 10. Juvenile witnesses, if the nature of the event or activity justifies protecting the identity of the witness.
 11. Juveniles who are or may be delinquent or engaged in criminal acts.
 12. Individuals who make complaints about violations with respect to the use of real property.
 13. Deputies and employees who are the subject of a complaint related to the events captured on video.
 14. Other individuals whose identities the deputy believes may be legally protected from public disclosure.
- D. Labeling and flagging designations may be corrected or amended based on additional information.

446.9 ADMINISTERING ACCESS TO BWC DATA

- A. **Data subjects.** Under Minnesota law, the following are considered data subjects for purposes of administering access to BWC data:
1. Any person or entity whose image or voice is documented in the data.
 2. The deputy who collected the data.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

3. Any other deputy whose voice or image is documented in the data, regardless of whether that deputy is or can be identified by the recording.
- B. **BWC data is presumptively private.** BWC recordings are classified as private data about the data subjects unless there is a specific law that provides differently. As a result:
1. BWC data pertaining to people is presumed private, as is BWC data pertaining to businesses or other entities.
 2. Some BWC data is classified as confidential (see C. below).
 3. Some BWC data is classified as public (see D. below).
- C. **Confidential data.** BWC data that is collected or created as part of an active criminal investigation is confidential. This classification takes precedence over the "private" classification listed above and the "public" classifications listed below.
- D. **Public data.** The following BWC data is public:
1. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous.
 2. Data that documents the use of force by a peace officer that results in substantial bodily harm.
 3. Data that a data subject requests to be made accessible to the public, subject to redaction. Data on any data subject (other than a peace officer) who has not consented to the public release must be redacted [if practicable]. In addition, any data on undercover deputies must be redacted.
 4. Data that documents the final disposition of a disciplinary action against a public employee
 - (a) However, if another provision of the Data Practices Act classifies data as private or otherwise not public, the data retains that other classification. For instance, data that reveals protected identities under Minn. Stat. § 13.82, subd. 17 (e.g., certain victims, witnesses, and others) should not be released even if it would otherwise fit into one of the public categories listed above.
- E. **Access to BWC data by non-employees.** Deputies shall refer members of the media or public seeking access to BWC data to the Sheriff, who shall process the request in accordance with the MGDPA and other governing laws. In particular:
1. An individual shall be allowed to review recorded BWC data about him- or herself and other data subjects in the recording, but access shall not be granted:
 - (a) If the data was collected or created as part of an active investigation.
 - (b) To portions of the data that the agency would otherwise be prohibited by law from disclosing to the person seeking access, such as portions that would reveal identities protected by Minn. Stat. § 13.82, subd. 17.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

2. Unless the data is part of an active investigation, an individual data subject shall be provided with a copy of the recording upon request, but subject to the following guidelines on redaction:
 - (a) Data on other individuals in the recording who do not consent to the release must be redacted.
 - (b) Data that would identify undercover deputies must be redacted.
 - (c) Data on other deputies who are not undercover, and who are on duty and engaged in the performance of official duties, may not be redacted.
- F. **Access by peace officer and law enforcement employees.** No employee may have access to the department's BWC data except for legitimate law enforcement or data administration purposes:
 1. Agency personnel shall document their reasons for accessing stored BWC data at the time of each access. Agency personnel are prohibited from accessing BWC data for non-business reasons and from sharing the data for non-law enforcement related purposes, including but not limited to uploading BWC data recorded or maintained by this agency to public and social media websites.
- G. **Other authorized disclosures of data.** Deputies may display portions of BWC footage to witnesses as necessary for purposes of investigation as allowed by Minn. Stat. § 13.82, subd. 15, as may be amended from time to time. Deputies should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protecting against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screen shots, muting the audio, or playing the audio but not displaying video. In addition,
 1. BWC data may be shared with other law enforcement agencies only for legitimate law enforcement purposes that are documented in writing at the time of the disclosure.
 2. BWC data shall be made available to prosecutors, courts, and other criminal justice entities as provided by law.

446.10 DATA SECURITY SAFEGUARD

- A. Password protected hard drive. The agency is unable to make backup copies of data.
- B. Personally owned devices, including but not limited to computers and mobile devices, shall not be programmed or used to access or view agency BWC data.
- C. Deputies shall not intentionally edit, alter, or erase any BWC recording unless otherwise expressly authorized by the sheriff or the sheriff's designee.
- D. As required by Minn. Stat. § 13.825, subd. 9, as may be amended from time to time, this office shall obtain an independent biennial audit of its BWC program.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

446.11 AGENCY USE OF DATA

- A. At least once a month, supervisors will randomly review BWC usage by each deputy to ensure compliance with this policy and to identify any performance areas in which additional training or guidance is required.
- B. In addition, supervisors and other assigned personnel may access BWC data for the purposes of reviewing or investigating a specific incident that has given rise to a complaint or concern about deputy misconduct or performance.
- C. Nothing in this policy limits or prohibits the use of BWC data as evidence of misconduct or as a basis for discipline.
- D. Deputies should contact their supervisors to discuss retaining and using BWC footage for training purposes. Deputy objections to preserving or using certain footage for training will be considered on a case-by-case basis. Field training officers may utilize BWC data with trainees for the purpose of providing coaching and feedback on the trainees' performance.

446.12 DATA RETENTION

- A. All BWC data shall be retained for a minimum period of 90 days. There are no exceptions for erroneously recorded or non-evidentiary data.
- B. Data documenting the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured, or dangerous, must be maintained for a minimum period of one year.
- C. Certain kinds of BWC data must be retained for six years:
 - 1. Data that documents the use of deadly force by a deputy that causes great or substantial bodily injury as defined in Minnesota state statutes.
 - 2. Data documenting circumstances that have given rise to a formal complaint against a deputy.
- D. Other data having evidentiary value shall be retained for the period specified in the Records Retention Schedule. When a particular recording is subject to multiple retention periods, it shall be maintained for the longest applicable period.
- E. Subject to Part F (below), all other BWC footage that is classified as non-evidentiary, becomes classified as non-evidentiary, or is not maintained for training shall be destroyed after 90 days.
- F. Upon written request by a BWC data subject, the agency shall retain a recording pertaining to that subject for an additional time period requested by the subject of up to 180 days. The agency will notify the requestor at the time of the request that the data will then be destroyed unless a new written request is received.
- G. This office shall maintain an inventory of BWC recordings having evidentiary value.
- H. This office will post this policy, together with [a link to] its Records Retention Schedule, on its website.

Kandiyohi County Sheriff's Office

Kandiyohi County SO Policy Manual

USE OF BODY-WORN CAMERAS

446.13 COMPLIANCE

Supervisors shall monitor for compliance with this policy. The unauthorized access to or disclosure of BWC data may constitute misconduct and subject individuals to disciplinary action and criminal penalties pursuant to Minn. Stat. § 13.09.
